Choir Blackpool Band Music Studio

Mia Lyons, 19 from Leyland, added: “My project involved the production of playing cards from three different types of superhero fiction. The superheroes on each card are recognisable but don’t have faces while on the reverse side is an important, inspiring quote.

Working with the service users has been really inspiring and confirmed my ambition to specialise in the field of mental health disorders once I graduate.

"The students really get a lot out of this module. It allows them to reflect on their own emotions and how they deal with them in a safe and creative way"

Senior Lecturer at in psychological interventions at University of Lancashire Lowri Douthwaite

I'm buzzing.....can't believe I've just preformed a song in front of others – makes me wanna do more!

There aren't many places you can meet the chief executive and the Dean of a university and have a chat about your art
