OVERVIEW OF THE LERI CANCER UNIT PROJECT

Bwrdd Iechyd Prifysgol Hywel Dda
University Health Board

Trawsnewid gofal canser gyda chreadigrwydd:

Integreiddio Celf mewn Gofal Iechyd

Mae Uned Canser Leri, uned gwerth £3 miliwn, a ariennir yn bennaf gan incwm elusennol, a agorwyd ym mis Mai 2025 yn darparu triniaeth a gofal i bobl â chanser o Geredigion, Gogledd Powys a De Gwynedd.

Yn annatod i olwg a theimlad yr uned newydd mae'r gwaith celf a'r farddoniaeth sydd wedi'u cyd-greu i gyflawni ein gweledigaeth artistig a rennir i:

'tynnu ar ein hamgylchedd hardd i'n helpu i feithrin ein cleifion trwy ddewis lliwiau, siapiau a delweddaeth sy'n adlewyrchu llonyddwch a dibynadwyedd natur'

Cymuned a Chyd-gynhyrchu

Mae cleifion, staff gofal iechyd, artistiaid o Gymru, bardd a'r gymuned leol i gyd wedi cydweithio i wireddu gweledigaeth nid yn unig ar gyfer gofod clinigol sy'n addas at y diben ar gyfer triniaeth canser, ond hefyd un sy'n teimlo fel amgylchedd gofal iechyd diogel a charedig.

Diwylliant ac Amgylchedd Lleol

Mae gweithiau celf yn adlewyrchu diwylliant a thirweddau Cymru, gan greu amgylchedd iacháu dwyieithog a phwrpasol sy'n darparu cefnogaeth emosiynol yn ogystal â chefnogaeth glinigol i'r cymunedau y mae'n eu gwasanaethu.

Arloesedd mewn Gofal Iechyd Gwledig

Mae'r uned yn gosod model ar gyfer rhagoriaeth mewn gofal iechyd gwledig trwy gyfuno

“Da iawn i bawb oedd yn rhan o’r prosiect, mae’r canlyniad yn wych. Cyfleuster modern a hardd i gleifion, eu teuluoedd a staff.” Aelod o’r gymuned

TRANSFORMING CANCER CARE THROUGH CREATIVITY

Bwrdd Iechyd Prifysgol Hywel Dda University Health Board

Art Integration in Healthcare

The Leri Cancer Unit, a £3million unit, funded primarily by charitable income opened in May 2025 provides treatment and care for people with cancer from Ceredigion, North Powys and South Gwynedd.

Integral to the look and feel of the new unit is the artwork and poetry which has been co-created to deliver on our shared artistic vision to:

> ‘draw on our beautiful environment to help us to nurture our patients
> by choosing colours, shapes and imagery
> that reflect the tranquillity and dependability of nature’

Community and Co-production

Patients, healthcare staff, Welsh artists, a poet and the local community have all worked together to realise a vision not just for a fit for purpose clinical space for cancer treatment but also one that feels like a safe and kind healthcare environment.

Local Culture and Environment

Artworks reflect Welsh culture and landscapes, creating a bilingual and bespoke healing environment that provides emotional as well as clinical support to the communities it serves.

Innovation in Rural Healthcare

The unit sets a model for excellence in rural healthcare by blending creativity with medical care.

“Well done to everyone involved, the result is fantastic. A modern and beautiful facility for patients, families and staff.” Member of the Community

THE BEGINNING

- Hywel Dda University Health Board (HDUHB) is responsible for delivering healthcare services to approximately 385,615 people across the rural counties of Carmarthenshire, Ceredigion, and Pembrokeshire in West Wales.
- The Health Board operates four acute hospitals, including **Bronglais General Hospital in Aberystwyth**—the smallest general hospital in the UK and the location of the **Leri Cancer Unit**.
- Bronglais General Hospital provides vital cancer services to patients from Ceredigion, south Gwynedd, and north Powys.
- For many years, the Bronglais Chemotherapy Unit delivered high-quality care in an environment that was no longer fit for purpose.

CODI ARIAN CYMUNEDOL ANHYGOEL

- Bydd yr uned gwerth £3 miliwn, a ariennir yn bennaf gan incwm elusennol, yn darparu triniaeth a gofal i bobl â chanser o Geredigion, Gogledd Powys a De Gwynedd.
- Gwnaeth cleifion a'u teuluoedd, codwyr arian a rhoddwyr, staff yr ysbyty ac aelodau'r gymuned leol wireddu'r uned.

“Mae'n dyst i'r hyn y gellir ei gyflawni pan fydd cymuned yn darganfod yr hyn sy'n bwysig iddi. Dim ond diolch i gefnogaeth elusennol hael o bob cwr o'r rhanbarth y mae Ysbyty Bronglais yn ei wasanaethu y mae wedi bod yn bosibl.” Dr Neil Wooding, Cadeirydd Bwrdd Iechyd Prifysgol Hywel Dda

“Roedd yr awydd am yr uned hon yn amlwg pan ymunais â Thîm Oncoleg Bronglais yn 2004. Diolch byth, mae haelioni enfawr y cymunedau yng Ngheredigion, Powys a Gwynedd sydd wedi rhoi arian er cof am anwyliaid, trwy weithredoedd elusennol, a digwyddiadau dros y 25 mlynedd diwethaf, wedi gwneud hyn yn bosibl.”

ASTONISHING COMMUNITY FUNDRAISING

GIG CYMRU NHS WALES | Bwrdd Iechyd Prifysgol Hywel Dda University Health Board

The £3million unit, funded primarily by charitable income, will provide treatment and care for people with cancer from Ceredigion, North Powys and South Gwynedd.

Patients and their families, fundraisers and donors, hospital staff and members of the local community made the realisation of the unit possible.

"It is a testament to what can be achieved when a community discovers what it cares about. It has only been possible thanks to generous charitable support from across the region that Bronglais Hospital serves." Dr Neil Wooding, Chair of Hywel Dda University Health Board

"The desire for this unit was obvious when I joined the Bronglais Oncology Team in 2004. Thankfully, the enormous generosity of the communities within Ceredigion, Powys and Gwynedd who have donated money in memory of loved ones, by charitable deeds, and events over the last 25 years, have made this possible." Dr Elin Jones

Cydweithio Amlddisgyblaethol

Cyfarfu Grŵp Celf Gyhoeddus yn cynnwys staff, cleifion, artistiaid a chydlynwyr yn fisol i greu a chyflwyno gweledigaeth artistig a rennir.

Llais y Claf a'r Staff

Dewis artistiaid a dewisiadau dylunio fel cynlluniau lliw a deunyddiau oedd dan arweiniad cleifion a staff.

Gweithdai Mapio Emosiynol a Gwneud Printiau

Nododd gweithdai brofiadau emosiynol i arwain sut y dylai gwahanol ardaloedd uned deimlo a gwahoddwyd pobl â chysylltiad â'r uned i gymryd rhan mewn gweithdai gwneud printiau i'w harddangos yn yr uned.

"...mae wedi bod yn brofiad emosiynol ac ysbrydoledig iawn ac rwyf wrth fy modd yn gwybod y bydd y prosiect yn helpu i greu amgylchedd mwy heddychlon a chyfforddus i gleifion sy'n gorfod ymweld â'r uned." Claf

"gwrando ar adborth a sylwadau cleifion a sut mae'r agwedd celfyddydau ac iechyd yn cyfoethogi'r ardal ac yn eu helpu i deimlo'n ddiogel. Bydd cleifion yn hapusach. Pan fydd cleifion yn hapusach, mae canlyniadau cleifion yn well." Oncolegydd Arweiniol

CO-PRODUCTION, PATIENT AND STAFF VOICE AND COLLABORATIVE PLANNING

GIG CYMRU NHS WALES | Bwrdd Iechyd Prifysgol Hywel Dda University Health Board

Multidisciplinary Collaboration

A Public Art Group including staff, patients, artists, and coordinators met monthly to create and deliver a shared artistic vision.

Patient and Staff Involvement

Patients and staff led artist selection and design choices like colour schemes and materials.

Emotional Mapping and Printmaking Workshops

Workshops identified emotional experiences to guide how different unit areas should feel and people with a connection to the unit were invited to take part in printmaking workshops for display in the unit.

"...it has been a very emotional, inspiring experience and I am thrilled to know that the project will help create a more peaceful and comfortable environment for patients having to visit the unit. As a previous patient I know that you experience so many emotional and physical hurdles when facing cancer, having anything that can make that journey a bit easier and that bit more comfortable then it really is worth all the effort."
Patient

"By listening to feedback and comments of patients and how the arts and health aspect enriches the area and helps them to feel safe. Patients will be happier. When patients are happier, patient outcomes are better.. " Lead Oncologist

GWELEDIGAETH ARTISTIG

"I enjoyed seeing the project develop and as a previous patient, give my views from a different perspective." Patient

Gartref gyda Natur – O'r Mynydd i'r Tir a'r Môr

Gan dynnu ar rinweddau therapiwtig ein hamgylchedd hardd, crëwyd gweithiau celf sy'n adlewyrchu tawelwch a dibynadwyedd natur. Mae'r artistiaid wedi cymryd ysbrydoliaeth o dirwedd Ceredigion a llwybr ac amgylchoedd Afon Leri.

Mae'r gwydr wrth y fynedfa a'r murluniau graddfa fawr gan **Catrin Jones** o dirweddau dychmygol ar hyd llwybr Afon Leri yn rhoi'r argraff o bellter a llonyddwch.

Canolbwyntiodd yr argraffydd **Molly Brown** ar olygfeydd domestig o arddio, natur a thyfu mewn cyfres o brintiau sy'n anrhydeddu'r dreftadaeth wledig ac amaethyddol.

Gweithiodd yr argraffydd **Marian Haf** gyda chleifion, staff a'r cyhoedd i greu Cyanoteipiau a wnaed gan ddefnyddio deunyddiau naturiol o'r ardal.

Mae barddoniaeth **Eurig Salisbury** wedi'i chrefftio i ychwanegu'n gynnil at y gofal a ddarperir gan dîm Uned Canser Leri.

Mae paentiadau dyfrlliw yr artist **Catrin Webster** yn dal hanfod y dirwedd ger lle mae Afon Leri yn cwrdd ag Afon Dyfi.

At Home with Nature - From Mountain to Land and Sea

Drawing on the therapeutic qualities of our beautiful environment, artworks have been created that reflect the tranquillity and dependability of nature. Welsh Artists, selected by healthcare staff and patient representatives, have taken inspiration from the landscape of Ceredigion and the route and environs of the River Leri.

Catrin Jones' entrance glass and large scale murals of imagined landscapes along the route of the Leri give the impression of distance and serenity.

Printmaker **Molly Brown** focused on domestic scenes of gardening, nature and growing in a series of prints that honour the rural and agricultural heritage and communities of the area.

Printmaker **Marian Haf** worked with patients, staff and public to create Cyanotypes with natural materials from the surrounding area.

Eurig Salisbury's poetry has been crafted to subtly augment the care provided by the Leri Cancer Unit team.

Artist **Catrin Webster** watercolour paintings capture the essence of the landscape near to where the River Leri meets the River Dyfi.
